

FLT 214: Professional Pilot Helicopter Lab 6 (cmml)

This laboratory is designed to increase knowledge and experience required for certification as a Commercial Helicopter Pilot through a review of previously learned maneuvers and procedures. This stage allows the student to expand the skills learned in the previous stage and increase proficiency in cross-country and night flight operations. Upon completion, the student will demonstrate through flight tests and successfully accumulated flight experience that they meet or exceed Federal Aviation Administration (FAA) practical test standards for lessons 11 through 21 of the FAA approved Commercial Pilot Helicopter syllabus. R-22, R-44, and 269C
