

FLT 217: Professional Pilot Helicopter Lab 9 (cmml)

This laboratory is designed to complete the knowledge and experience required for certification as a Commercial Helicopter Pilot through a review of previously learned maneuvers and procedures and completion of Commercial Pilot certification requirements. Upon completion, students will demonstrate through flight tests and successfully accumulated flight experience that they meet or exceed Federal Aviation Administration (FAA) practical test standards for lessons 38 through 39 of the FAA approved Commercial Pilot Helicopter syllabus. R-22, R-44, and 269C
