

FLT 244: Instrument Flight Instructor Ground

This course provides a study of aviation subjects required to prepare the student with the technical knowledge required to become an Instrument Flight Instructor. Topics include weather, regulations, aircraft instrument systems, the use of instruments as the primary reference for flight operations, instrument cross-country flight, and instrument approach charts and procedures. Upon completion, students should have sufficient knowledge to teach this subject and to complete the Federal Aviation Administration (FAA) Instrument Flight Instructor Knowledge Test.
