

HIT 232: Medical Coding Systems II

This course is a continuation of Medical Coding Systems I which is intended to develop an understanding of coding and classification systems in order to assign valid medical codes. Instruction includes coding diagnoses and/or procedures; sequencing codes; analyzing actual medical records to identify data elements to be coded; validating coded clinical information. Student competency includes demonstration of coding principles and applications (manual and/or computer assisted).

Credits: 3

Transfer Code: Code C

Lab Hours: 1

Lecture Hours: 2

Prerequisites:

HIT 230

Acceptance to HIT program

Program: Health Information Technology

Semester Offered:

Summer
