

# Disclosure of Student Records to the Student

Each student is afforded the right to inspect, in the presence of the appropriate records official, such records, files, and data primarily related to said student. In order to inspect one's file, the student should go to the records official (Director of Admissions, Director of Financial Aid, or Business Manager) and initiate a written request. If the student cannot personally appear, the student must submit a notarized request to the appropriate records official. The request for inspection shall be granted within a reasonable period of time, not to exceed forty-five (45) days from the time of the receipt of the request by the College. If, in the opinion of the appropriate records official, inspection can reasonably be accomplished only by providing copies of documents, such copies shall be made and provided to the student. The right of inspection does not include financial statements of parents, confidential recommendations placed in the file prior to January 1, 1975, and other confidential recommendations, to which access has been waived by the student.
