Extended Day Program

Wallace State Community College provides an educational program for people who wish to attend college in the evening. The evening program is multi-purpose in function and is designed to offer courses to meet the needs of persons who wish to complete a Certificate, AAS Degree, AA Degree or AS Degree. The evening program also meets the needs of those who wish to take college work in a technical or skills program and terminate their education at that point or to increase their proficiency and broaden their educational and cultural backgrounds but do not wish to enroll in a specific course of study. For information, contact Wayne Manord, Extended Day Administrator, at 256.352.8116.
